WHAT TO EXPECT

1. Know Your Role

Before you begin, make sure you understand what's expected of you. Your responsibilities will be clearly listed in your employment contract. Read it carefully.

2. Where You'll Live

You'll stay close to the farm in shared housing.

- Private room
- Shared kitchen, bathroom, and lounge
- You'll be responsible for keeping things clean
- Approximate rent: 2,000 DKK/month

You'll cook and clean for yourself — share chores fairly with housemates.

3. Working With Others

Respect different cultures, diets, and religions. Many farms are run by women — treat all colleagues with professionalism and open-mindedness. Try not to isolate yourself with people only from your home country.

4. Travel Info

Before you arrive, you must send us:

- Travel date and arrival location
- Names of people traveling with you (if any)
- Your contact information

Must be sent at least 1 week before you arrive

Let us know honestly if you can drive. If you have a license, you can convert it to a Danish one later. Study Denmark's traffic laws in advance.

5. Communication Is Key

Danish work culture values direct, honest communication.

If you have a problem — speak up! Whether it's about your job, your housing, or your health, talk to the right people:

- Job issues → speak to your employer or colleagues
- Housing problems → talk to your host or housemates
- Program issues → contact your coordinator (Denmark or home country)

Emergency in Denmark? Dial 112

6. Money for the First Month

You'll need 200–300 EUR for personal expenses while waiting for your first paycheck.
